## IPC-A-610 Acceptability of Electronics Assemblies Application Specialist (610 CIS)

The 610 Training is a Certified Training Programme which covers the Accept/Reject criteria for all Electronics Assemblies.

### 610 CIS Overview

- Module 1 Introduction/Establishing & Maintaining Certification Program Integrity.  
(Mandatory)
- Module 2 Foreword, Application Documents, Handling Procedures.  
(Mandatory)
- Module 3 Hardware Installation (Threaded Fasteners, Connector Pins).
- Module 4 Soldering Acceptability Requirements.
- Module 5 Terminal Connection.  
Requires Module 4 prior to this module
- Module 6 Through Hole including TH Jumper Wires  
Requires Modules 4 & 8 prior to taking this module
- Module 7 Surface Mount Assemblies including SMT  
Jumper Wires requires. Modules 4 & 8 prior to taking this module.
- Module 8 Component Damage Printed Circuit Board.
- Module 9 Solderless Wire Wrap

This training is all theoretical which is suitable for any person who is responsible for quality and reliability of electronic assemblies.

Module 1 and 2 are mandatory, the remaining modules (3-9) are optional.

On successful completion of the closed and open exam the student will receive a 610 Application Specialist certificate which is valid for two years.

Course duration 3 days for all modules, otherwise duration varies depending on the number of modules required.
