

Advanced Rework Technology Ltd

IPC-A-610 Acceptability of Electronics Assemblies (610 CIT) New Revision G

The 610 Training is a Certified Training Programme which covers the Accept/Reject criteria for all Electronics Assemblies.

- Introduction/Establishing & Maintaining Certification Program Integrity
- Foreword, Application Documents, Handling Procedures
- Hardware Installation (Threaded Fasteners, Connector Pins)
- Soldering Acceptability Requirements
- Through-Hole Technology
- Surface Mount Assemblies
- Component Damage
- Printed Circuit Boards & Assemblies
- Discrete Wiring
- High Voltage Soldered Connections

This training is all theoretical which is suitable for any person who is responsible for quality and reliability of electronic assemblies.

On successful completion of the end exam the student will receive a 610 Trainer Certificate which is valid for two years and all training materials to conduct Certified IPC Specialist training. Course duration 4 days.
